THE SAME OLD COW

But You Wouldn't Recognize Her By the Lawyer's Description

That pestiferous black cow that meandered in the grounds of Congressman Kehoe and browsed on succulent young grass and blighted beautiful flower beds, was the cause of an endless flow of oratorical eloquence in Judge Whitaker's Court yesterday afternoon.

Lawyer Thomas Slattery appeared in defense of the owner of the cow and City Attorney Wood on the side of the people.

The forensic power of both gentlemen was eagerly drank in by an attentive and appreciative audience.

For a time it appeared as though it was to be a dull matinee, when Lawyer Slattery began his interrogation of a colored witness with the usual Court formula—

"Jim, what is your occupation in life?"

"Herder, sar," was the smart reply.

Of course the Courthouse long naturally anticipated "Married or single, county?" &c., but that was

constitutional of the city

which the case was being

instead.

COURT OF APPEALS

Declares That Beckham County is of Unconstitutional Birth

Among the Acts of the recent Legislature was one creating the county of Beckham out of portions of Elliott, Carter and Lewis, plainly contrary to the provisions of the Constitution; but what should a Legislature care for the Constitution when more offices are wanted?

The people of Carter and Lewis felt so outraged over the disregard for their rights that they went into Court; and the Circuit Court sided with the Legislature.

Then the Hon. W. C. Halbert of Vanceburg went to the Court of Appeals with an exhaustive Brief in the case; and yesterday that Court practically knocked out the so-called new county of Beckham by reversing the case of Zimmormann and Brooks v. Carter County and ordering the case heard in full on its merits.

Judge Hobson delivered the opinion which says that the Act creating the new county is void if any one of the constitutional provisions has been violated. These provisions are that the old county shall have 400 square miles, that the new county shall have 400 square miles, that the new county lines shall be at least ten miles from all the old county seats, and that no old county shall be left with less than 12,000 inhabitants.

It is notorious that the bill creating Beckham county violates all of these constitutional provisions, and the new county therefore seems to be doomed.

BLIND BUT RECONCILED

How Mr. Con Gullfoyle Came to Lose His Eyesight

Of the five senses with which God has endowed man, sight is the most precious.

To him who has enjoyed this priceless heritage, what affliction could be more terrible than the taking from him the power of enjoying the beauties of God's handiwork.

Ever to dwell in the darkness, the only solace to brighten the dull monotony of a weary existence being that photographed in memory of scenes and incidents of other days.

How terrible the thought, how unmeasurably great the misfortune.

Years ago Con Gullfoyle, a brother of Thomas Gullfoyle of East Third street, was, as he is today, a farmer.

While in the field plowing one day the implement struck a rock and stuck fast.

He procured a sledge hammer and in breaking the stone to free the plow a fragment struck him in the eye and destroyed the sight.

Years after he was breaking rock on one of the pikes when a splinter of stone struck the other eye and destroyed its sight.

He is blessed with a good wife and nine children, and though perfectly blind is reconciled and contented, though he prays nightly and firmly believes that through prayer and faith his sight will be restored.

God grant it.

Yesterday The Ledger Scribe saw him, led by a sweet cherub, a little child, his daughter, and it occurred to the worldly man—"A child shall lead ye."

AS A MATTER OF COURSE

Many who deal with us once in a while buy goods away from your purchases elsewhere you do from us? Do you find elsewhere the little details so carefully looked after, such as coat sleeves and pants being exactly the proper length, and not bothered with returning goods to exchange on account of fit objections? No suit of clothes leaves our house unless we are completely satisfied with the fit. When we are, "you will be, too."

SENTENCE AFFIRMED

Court of Appeals Sustains the Sentence of Manns and Morris

The last fight for the relief of Tom Manns and Ed Morris, the two colored men convicted of the murderous assault on Mr. John B. Farrow at his home near Mt. Sterling, ended yesterday. The Mason Circuit Court gave them two sentences—one of five years and one of ten years. Their attorneys fought against the latter, and yesterday the Court of Appeals affirmed the ten year sentences, making their terms fifteen years each.

In an outburst of righteous indignation at Republican "extravagance," Senator McCREARY let off this effulgent ray in the Senate a few days ago—

"When I entered Congress in 1885 the whole amount appropriated was \$318,000,000."

Wonderful!

And as the Senator has probably trailed along somewhat to keep from getting entirely left in the march of prosperity, it might be well to know if his own private expenses haven't increased somewhat within the past twenty years. Or, has he just "sot down" and let the country walk off and leave him?

YOUR KIDNEYS ARE THEY WELL?

Unless they are, good health is impossible.

Every drop of blood in the body passes through and is filtered by healthy kidneys every three minutes. Sound kidneys strain out the impurities from the blood, diseased kidneys do not, hence you are sick. FOLEY'S KIDNEY CURE makes the kidneys well so they will eliminate the poisons from the blood. It removes the cause of the many diseases resulting from disordered kidneys which have allowed your whole system to become poisoned.

Rheumatism, Bad Blood, Gout, Gravel, Dropsy, Inflammation of the Bladder, Diabetes and Bright's Disease, and many others, are all due to disordered kidneys. A simple test for Kidney disease is to set aside your urine in a bottle or glass for twenty-four hours. If there is a sediment or a cloudy appearance, it indicates that your kidneys are diseased, and unless something is done they become more and more affected until Bright's Disease or Diabetes develops.

FOLEY'S KIDNEY CURE is the only preparation which will positively cure all forms of Kidney and Bladder troubles, and cure you permanently. It is a safe remedy and certain in results.

If You are a sufferer, take FOLEY'S KIDNEY CURE at once. It will make you well.

Some Pronounced Incurable

Mr. G. A. Stillson, a merchant of Tampico, Ill., writes: "FOLEY'S KIDNEY CURE is meeting with wonderful success. It has cured some cases here that physicians pronounced incurable. I myself am able to testify to its merits. My face today is a living picture of health and FOLEY'S KIDNEY CURE has made it such."

Had Lumbago and Kidney Trouble

Edward Huss, a well known business man of Salisbury, Mo., writes: "I wish to thank the benefit of others, that I was a sufferer from lumbago and kidney trouble, and all the remedies I took gave me no relief. I began to take FOLEY'S KIDNEY CURE, and after the use of three bottles I am cured."

It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues. We Will Buy

A 50c. Bottle of Liquozone and Give it to You to Try.

Liquozone is the only way known to kill germs in the body without killing the tissues, too. It is the only way to end the cause of any germ disease. It is also a vitalizing tonic with which no other known product can compare.

It is new in America, and millions who need it don't know of it. For that reason, we make this remarkable offer. We will buy the first bottle and give it to you if you need it. We will do this gladly to let the product itself show you what it can do.

We Paid \$100,000

For the American rights to Liquozone—the highest price ever paid for similar rights on any scientific discovery. We did this after testing the product for two years, through physicians and hospitals, in this country and others. We paid it because Liquozone does what all the skill in the world cannot do without it. Any drug that kills germs is a poison, and it cannot be taken internally. Every physician knows that medicine is almost helpless in any germ disease.

Not Medicine.

Liquozone is the result of a process which, for more than 20 years, has been the constant subject of scientific and chemical research. Its virtues are derived solely from gas, made in large part from the best oxygen producers. By a process requiring immense ap-

paratus and 14 days' time, these gases are made part of the liquid product.

The result is a product that does what oxygen does; and oxygen is the very source of vitality, the most essential element of life. The effects of Liquozone are exhilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot kill. The reason is that germs are vegetables; and Liquozone—like an excess of oxygen—is deadly to vegetable matter. That is why Liquozone kills every disease germ, and with a product which to the human body is life.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquozone kills the germs, wherever they are, and the results are inevitable. By destroying the cause of the trouble, it invariably ends the disease, and forever.

50c. Bottle Free.

If you need Liquozone, and have never tried it, please send us this coupon. We will then mail you an order on your local druggist for a full-size bottle, and we will pay your druggist ourselves for it. This is our free gift, made to convince you; to show you what Liquozone is, and what it can do. In justice to yourself, please accept it to-day, for it places you under no obligation whatever.

Liquozone costs 50c. and \$1.
